About Me

- Born: November 17, 1995 - Raised in Iowa, attended Iowa State, currently a Husker - Ph.D. Candidate in Meat Science and Muscle Biology - Expected Graduation: Summer 2022

My favorite animal is *Pseudomonas*. Okay, *Pseudomonas*, is not an animal, but it is the bacteria I study, so I like it more than pretty much every animal...except maybe the ones I obtain it from which would be turkeys.
